Our Services

Market Entry Services

AYDON
CONSULTANTS

We provide turnkey market entry solutions to our clients.

These range from assessment of situational risk - including political and economic risks, regulatory environment, security situation, and location specific issues - to business intelligence around partners, supply chain and service providers, to creation of a stakeholder management strategy.

Market Intelligence

AYDON
CONSULTANTS

We help clients to assess market opportunities by identifying the addressable market

We apply a comprehensive approach considering:

- 🌊 overall economic, social, market and technological trends
- 🌊 affordability of the products and services
- 🌊 the competitive environment
- 🌊 the characteristics of key market segments
- 🌊 the impact of regulation
- 🌊 potential market risks

Analysis often uses scenario planning techniques in order to gain a clear understanding of the dynamic forces driving changes in the industry

Investment Advisory

We offer a set of services to assist with investment projects in Ukraine:

- due-diligence
- project adjustment to certain realities of the domestic market
- assistance with the project implementation up until the project is complete

Our experts in domestic and international economics, financing, tax and customs issues will find ways to reduce our clients' costs and risks.

Procurement Services

AYDON
CONSULTANTS

Aydon Ukraine has a wealth of experience in international trade, international sourcing and supply chain management.

We represent multinational and Ukrainian manufacturing companies providing the full logistics and procurement services from Ukraine.

We provide purchasing opportunities in the following sectors:

- ✿ Agriculture and Food industry
- ✿ Metallurgical products
- ✿ Chemicals
- ✿ Oil & Gas
- ✿ Biofuels
